Decorated Denver Detective Bobby Macaulay has faced down a truckload of tragedy over recent years. The death of his partner; the loss of his own leg in the line of duty; the companionship of his beloved wife to cancer; his faith in God to his inner demons.

After the man who ruined his leg and killed his first partner is executed, Macaulay becomes the lead detective investigating the Sloan's Lake murders. The method of killing in this double-homicide is so heinous it leads Macaulay and his partner down an ever-darkening path—one that must be traversed if they are to discover the evil forces behind the slaughter.

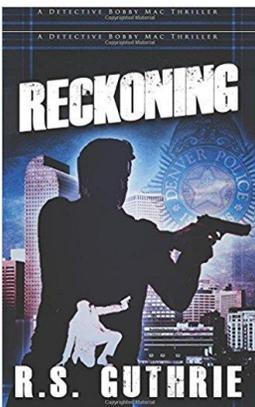

Just when Bobby Macaulay is questioning the very career that has been his salvation, he will discover a heroic history buried within his own family roots: The Clan MacAulay—a deep family lineage of protectors at the very core of a millenniums-long war against unimaginable evil.

LOST is the sequel to Black Beast, the five-star debut novel in the Clan of MacAulay series. Denver Detective Bobby Mac returns in this intense horror/thriller, set in the northern panhandle wilderness of Idaho.

After receiving a phone call from his brother, the Chief of Police in Rocky Gap, Idaho, Bobby Mac travels north to assist in the investigation surrounding two gruesome murders and the abduction of an eleven-year-old girl.

These two seasoned cops---estranged brothers reunited---will bring all of their experience to bear in a case that threatens not only the safety of a small town, but also the sacred lineage of a family of heroes.

Reckoning is the third book in the Detective Bobby Mac Thriller series, returning Detective Bobby Mac to the streets of Denver. It's been ten years since facing the loss of his brother, Jax, but Mac has a new life now with his wife and daughters.

When a series of murders grips the city in terror, Mac joins an inter-agency task force charged with bringing the Judas Killer to justice.

After eight murders over the course of a year and the task force being no closer than when they began, events take a brutally personal turn. Detective Mac will come face-to-face with a past he's been running from for over a decade.

Once again in a gritty cop-drama twisted with a bit of the paranormal, the storytelling that has been compared to a mixture of Dennis Lehane, James Lee Burke, Michael Connelly, and Dean Koontz, R.S. Guthrie brings you his best Bobby Mac book yet. Reckoning will bring the trilogy of books together for a finale that will have you riding the edge of your seat and your jaw on the floor.
